Dr. **Federico Zaottini** was born on March 10, 1988, in Ceva, Italy. He earned his medical degree from the University of Genoa in 2013, where he also completed his residency in Diagnostic Radiology in 2019. In 2022, he obtained a Ph.D. in Neuroscience from the same institution. From April 2019 to October 2019 ha completed an observership in Musculoskeletal Radiology at the Department of Radiology of University of Michigan, Ann Arbor (US) under the mentorship of Professor J.A Jacobson.

Since 2020, Dr. Zaottini has served as a staff radiologist at San Martino University Hospital in Genoa. In 2024, he was appointed Assistant Professor at the University of Genoa.

His clinical and research activities focus primarily on musculoskeletal and peripheral nerve imaging, with a particular emphasis on ultrasound and magnetic resonance imaging.

He has contributed to over 60 publications in peer-reviewed international medical journals on the subject and collaborates closely with Professor Carlo Martinoli.

He has been invited speaker at numerous international conferences and courses, including those organized by the European Society of Musculoskeletal Radiology (ESSR) and the European Federation of Societies for Ultrasound in Medicine and Biology (EFSUMB).

He is an active member of several professional societies, including the Italian Society of Medical and Interventional Radiology (SIRM), the European Society of Radiology (ESR), and the European Society of Skeletal Radiology (ESSR), where he contributes to the Ultrasound Subcommittee.
